

## COVID-19 STUDIO SAFETY GUIDELINES

These guidelines are put in place to keep the children, the staff, and the families safe. Even with these measures in place, we cannot guarantee 100% safety from COVID-19, therefore **students taking class in the studio must have a completed COVID-19 release form on file before taking class.**

Thank you for helping to keep our studio open and our dancers dancing!

These guidelines are based on the guidance provided by the Pennsylvania Department of Health and the CDC to prevent the spread of COVID.

### 1. CLEANING THE STUDIO

- All the barres are wiped down with sanitizing cleaning solution after each class.
- The studio floors and restrooms are cleaned with a sanitizing cleaning solution.
- High touch surfaces are cleaned with sanitizing cleaning solution
- Floors are vacuumed and mirrors are wiped clean.

### 2. PROMOTING BEHAVIORS TO REDUCE THE SPREAD

- With the increase in cases due to the Delta Variant **we recommend everyone wear masks while in the studio.** Students who are not vaccinated must wear a mask anytime they are in the studio. Please keep yourself and others healthy, and our studio open.
- The lobby and studio areas will be limited to students and staff. If a parent and/or guardian must come into the building, only 1 parent/guardian should come inside.
- Be sure to keep your items 6 feet from other's belongings.
- When using the restroom, please use the paper products wisely and be sure to dispose of all paper towels neatly in the waste basket. There will be wipes and/or disinfectant spray in each bathroom to use prior to or after use.

### 3. ARRIVAL AND DEPARTURE PROCEDURES

- **Parents/guardians of the Music, Movement, and Make-Believe class should accompany their students into and out of the building.**
- Students in our beginner levels will be checked into the studio at the front door and escorted out of the front door by a staff member until a parent or guardian comes to pick them up.
- Parents must be prompt for both drop-off and pick-up. If your student arrives late to class, they can come straight up to the studio and check in upstairs. Please call the studio if you know you will be more than 5 minutes late to pick up your dancer when class is over.
- Please notify the studio by email if you know that your student will be absent that day.

**4. PROTOCOLS IF A STUDENT HAS SIGNS OR SYMPTOMS OF COVID-19**

- Students and staff must stay home if they are sick (fever, cough, or shortness of breath). Students who are not feeling well during class must notify the teacher and will be sent home.
- Students who tested positive for COVID-19 should report this to the front desk or director of the studio and will be required to stay home for 14 days after the onset of symptoms to avoid placing other students and staff at risk.
- Students and staff who have been in close contact with an infected student will be notified and should follow CDC recommended precautions and monitor for symptoms.
- In the event of a closure, we will move the classes to the Zoom format until we can open again in-person.

**5. CONFIDENTIALITY**

- **VYIBA will respect the privacy and confidentiality of any student who reports and illness.** Please be aware that due to the seriousness of exposure to COVID-19, VYIBA may need to inform others who came in close proximity to an infected student, without identifying the student by name.

**6. MODIFICATION**

- VYIBA reserves the right to modify the terms of this document if necessary, for business needs, because of medical developments, to comply with applicable law, or because of changes in the information available regarding the control and treatment of COVID-19.

**7. QUESTIONS OR CONCERNS**

- We appreciate the cooperation of all our students and parents to help prevent the spread of COVID-19. We will continue to closely monitor the situation and provide updates as needed. Any parent or guardian who has questions concerning these safety procedures or have concerns regarding studio safety, should contact Viktor directly at 717-419-6688.

**PLEASE USE THIS CHART TO DETERMINE IF YOU SHOULD STAY HOME. THANK YOU!**

<b>Group A 1 or more symptoms</b>	<b>Group B 2 or more symptoms</b>
Cough Shortness of breath Difficulty breathing New olfactory disorder New taste disorder	Fever (measured or subjective) Chills Rigors Myalgia Headache Sore throat Nausea or vomiting Diarrhea Fatigue Congestion or runny nose
